

## FIRST RESEARCH PLAN FORM

Name:

The tentative title of my project is

*A problem/statement / question / phenomenon?*

I want to find out / explore

*Main purpose / research question / issues*

Because it is important to understand

*Context and significance of the study*

This means that my research design will be

*Qualitative? Quantitative? Experimental? Applied? etc.*

In order to find out what is already known about my topic, I have to read at least about

And define the following concepts

I plan to collect my data by means of

*Research instrument?*

This way of data collection is suitable for my purpose, because

*Rationale: advantages*

But I also have to remember that this way of data collection has the following drawbacks / limitations

My research instrument should be ready by:

My data collection should be ready by:
